DESCARTES CARGOBOOKER™

e-bookings for the Air Freight Forwarder Community

WHAT IS CARGOBOOKER?

- Descartes CargoBooker is a forwarder 'no-charge' service aimed at the small and medium-sized forwarder.
- Descartes CargoBooker is part of the Descartes GF-X Exchange, one of the largest electronic information and reservation systems in the airfreight industry.
- Forwarders can readily access carrier information and make electronic bookings 24 hours a day, 7 days a week, via a simple web browser (no software installation required).
- The Descartes GF-X Exchange is linked to a variety of tracking providers, enabling forwarders to track their shipments through a simple click.

“Descartes CargoBooker is a time-saving, easy-to-use tool, which enables us to submit bookings to a large numbers of airlines.”

KEY POTENTIAL BENEFITS

Efficiency Gains

- Products, flight & truck details, routings, capacity availability and rates are made accessible without having to call multiple carriers.
- Time spent making and checking bookings may be significantly reduced and can instead be used for special needs shipments or other value added tasks.
- 24/7 availability allows increased flexibility and service to customers.
- Less time spent on administration with more time available for selling and value added services to customers.
- Processes can be aligned across gateways/branches by standardizing the booking process around the Descartes GF-X Exchange booking service.
- Single point access to carriers.

Revenue Opportunities

- Service improved for shipper customers as carrier offerings can be checked quickly and responses to booking requests received efficiently regardless of office opening hours.
- Access to promotional rates, some only available via Descartes GF-X Exchange.
- Reduced costs for carriers and forwarders.

How It Works

- User enters booking information.
- Bookings can be viewed and managed at all times (e.g. for amendments / cancellations).
- Users are notified of booking confirmations both in Descartes GF-X Exchange screens and via e-mail.
